The Festival Director is additionally charged with the responsibility of assembling the finest high school musicians in Vermont into four high quality music performance groups. To this extent, the overall quality of the festival experience for everyone takes precedence over individual considerations. The Festival Director must maintain the integrity of the organization and its regulations through his / her decisions, viewing the future effects of each decision rather than the one time effect on a current situation.

Following that date, APPLICATIONS OR ACCEPTANCES WILL NOT BE ACCEPTED. Audition applications and the Festival Acceptance and Housing Form will only be accepted online. SECTION II: FESTIVAL POLICIES AND PROCEDURES

A1: ELIGIBILITY: SCHOOL & MUSIC EDUCATOR

For a Vermont public, private and state-approved home school to be eligible to submit student applications for inclusion in the current year's Vermont All State Music Festival's audition and/or concert festival, the school must have paid the current year's All State Participation Fee from the VMEA **AND any school music educator submitting applications must be a current member of VMEA / MENC (during the application cycle, the auditions and the concert festival).**

If a school has multiple music educators, membership is required for each based on the type of All State application submitted. For example, if a school has a separate band and chorus music educator, then the chorus music educator must be a VMEA / MENC member if chorus applications are submitted while the band music educator must be a member if instrumental applications are submitted. Scholarship applications can be submitted by any member music educator.

A2: ELIGIBILITY: STUDENT

Eligibility for the Vermont All State Music Festival's auditions and concert festival is limited to actively enrolled, full-time high school students from Vermont public, private, and state-approved home schools (see A1 for school eligibility). Full-time would be determined and attested to by each school's administration. Students who have received a high school diploma or GED would not be eligible. There is also a music program participation requirement (section C). Home schooled students are eligible to participate in the All State Music Festival, but they must apply through and be supervised by their parents or home school sponsors. **For the purposes of this handbook and the festival it describes, 'school' represents the school (public, parochial, private or home) who completed the application, 'teacher', 'music educator' and other similar term represent the adults associated with a 'school', and 'student' represents the high school age applicant involved in any event associated with this festival.**

Regardless of what type of high school the student attends, NO student may participate in any aspect of the Vermont All State Festival (Auditions, Festival, Concerts or Parade) without the direct approval of or without the direct supervision provided by their local school.

B: LOCATION OF FESTIVAL

The Vermont All State Music Festival may be held at any appropriate location within the state of Vermont. An offer to host the Festival may be submitted by the Music Department, the School Administration or the Board of School Commissioners at any time to the VMEA Executive Board or the current Festival Director. Other offers will be solicited as needed by the Festival Director. An order of preference will be determined when necessary.

The ability of any location to host the Festival will be reviewed by the Festival Director and/or designate. An "onsite" inspection, to include viewing of the rehearsal halls and concert hall, a discussion of how housing and meals will be coordinated, and a review of the mechanics of operation, will be made by the Festival Director or designate in the Fall prior to the Festival.

A contract will be signed between the sponsoring school district organization, the sponsoring school district administration, the VMEA and the All State Committee. That contract will outline the following:

- Responsibilities, as perceived, of all the parties involved as contained in this
- The financial arrangements for the Festival's expenses and income.
- The necessity of public liability insurance.

For 2010, the Festival Director has accepted an invitation from Rutland High School to host the Vermont All State Music Festival on May 5, 6, 7, & 8, 2010. The sponsoring organization is the school's Music Department, represented by Brent Barnett and Dan Graves, music educators.

C: PARTICIPATION IN THE AUDITIONS AND THE FESTIVAL

To participate in any part of the Vermont All State Music Festival sponsored activities, a student **MUST** be actively enrolled as a full-time student in a Vermont State Approved and VMEA eligible Public or Private School OR an approved home school in the State of Vermont **at the time of the sponsored activity**. Local school policy will be used to determine what constitutes a full-time student and individual exceptions may be made at the discretion of the local school music supervisor and principal.

Only the students listed on a school's Audition Application may audition for that school. No substitutions or additions will be made after the applications have been accepted and scheduled by the Festival Director.

Out of state transfer students may request to have auditions scheduled for them up to two weeks prior to the first audition date in January. Those requests **MUST** come from a school and student meeting all of the Festival eligibility and participation requirements. Those requests will only be accepted by the Festival Director. These student auditions will receive the same considerations as all others.

Students **MUST** be a member of their school's performing group at the time of the Auditions to audition for the same type of group in the Festival. Students **MUST** be a member of their school's performing group at the time of the Festival to participate in the same type of group in the Festival.

In the event that a participating school does not have a performing group that uses the auditioning student's instrument (i.e. no jazz band for guitar players, no orchestra for string players, home schooled students), then those students may audition on those instruments provided they meet all other eligibility requirements, pay all fees and are entered on all appropriate forms submitted from the school. The school's music supervisor or other school designated adult must assume responsibility for that student at all sponsored events. **This includes all home school students.**

Notices of acceptance in the performing groups are sent from the Festival Director's office to music educators or home schools at the address as listed on their school application. Notification of acceptance will be made by the middle of February. No substitutions of accepted students can be made by the participating school.

For specific information regarding Audition Policies and Procedures, see Sections III through VII in this handbook.

D: FESTIVAL ATTENDANCE

The Vermont All State Music Festival gives participants an intensive experience in a performance ensemble. A participant must attend all rehearsals, concerts and all other scheduled festival activities. The ensemble's preparation and performance would be severely harmed without this policy. The festival's educational objective requires that a participant experience ALL rehearsals and other activities, follow curfews and other policies, and be fully prepared to contribute to the final performances. Failure to attend all of the festival's rehearsals, concerts and other activities will result in disqualification from further participation in this year's festival, and may result in disqualification from future festivals. In the event of an illness or family emergency that requires the student to be excused from a festival event, the participant will not be penalized from participation in future festivals. Because it is essential for all performers to participate in all aspects of the preparation, there are no exceptions to the requirement that a participant attend all rehearsals and other required activities in order to perform in the festival.

E: APPLICATIONS, FEES, INVOICING AND PAYMENTS

For a school's application to be accepted, the school must have paid the current year's VMEA participation fee (based on school population) at the beginning of the school year to support their music students' participation in the district and All State festivals. This annual fee will range from \$75 (small school) to \$300 (largest school).

To participate in the Auditions and/or the Festival, the appropriate online applications, school acceptance forms and medical forms must be filled out and submitted by the deadlines established by the Festival Director and listed at the beginning of this handbook. All applications must be accompanied by the appropriate fee payment. No student will be allowed to participate in any aspect of the Festival until all aspects of the application process are completed to the satisfaction of the Festival Director and all of the appropriate fees are paid. Online applications and fees will not be accepted after the last deadlines.

Fees for the 2010 Vermont All State Music Festival are:

AUDITIONS:

- Vocal or Instrumental Audition or Composition \$10.00 per audition
- Scholarship or Jazz Audition \$15.00 per audition / submission
- School Late Fee (after Nov. 21st, but before Dec 1st) \$100.00 per school application
- Addition or correction to application (after Dec. 2nd) \$25.00 per request (in addition to regular fee)
- Addition or correction to application (after Jan. 6th) \$100.00 per request (in addition to regular fee)

FESTIVAL:

- Student Participation Fee (not including meals) \$25.00 per participant
- Meal Fee To be determined by the host school
- TOTAL FESTIVAL FEE Meal + Participation Fees
- Late Fee (after March 6th, but before March 17th) \$100.00 per school

INVOICING & PAYMENTS:

- The Audition Fee Invoice is printed by the teacher as part of the Online Application
- The Festival Fee Invoice is printed by the teacher as part of the Online Acceptance.
- **Fees cannot be paid with personal checks from students or students' families. Fees must be paid with either a school or music educator check or with cash.**

Each school's music educators and/or school principals are held responsible for the correct preparation of all application materials (online and paper), and the proper and timely payment of all fees. Application materials and/or fees will not be accepted directly from students or parents.

No fee is refundable.

F: AUDITION DEADLINE GUIDELINES

- Special Scheduling Requests should accompany the audition application material. SEND THEM IN AN EMAIL TO THE FESTIVAL DIRECTOR
- Corrections and additional can only be made to previously accepted applications by December 1st without penalty. *After December 2nd, each correction or addition request carries a \$25 penalty (in addition to regular fees). After January 6th, they carry a \$100 penalty.*
- Requests for scheduling changes can only be accepted until January 6th for the Northern Auditions & January 15th for the Southern. *No schedule changes will be made after those dates.*
- DEADLINES ARE VERY IMPORTANT AND MUST BE ADHERED TO FOR THE FESTIVAL TO OPERATE PROPERLY AND FAIRLY.

When sending important mailings, especially medical and housing forms, send them by CERTIFIED MAIL. All such forms, fees, and correspondence should be mailed to:

**Steffen Parker, Festival Director
141 Butternut Road
Williston, VT 05495**

Deadlines for online applications are considered at Midnight at the end of the deadline date. Teachers should print their audition lists once their applications are complete, but prior to the final deadline. A confirmation of your applications will not be sent automatically.

The Festival Director has the right to refuse any application materials or fees submitted improperly or after the stated deadlines.

Application material received after the due date, but before the last date will be accessed a late fee of \$100. After the last date, no application material will be accepted.

If a school's application is still incomplete after the last date, the Festival Director may elect to not allow any of that school's student applicants to participate in the Festival activity that those applications represented, or in any subsequent activity for the remainder of that school year. The Festival Director will notify the school's music educators and principal / headmaster of the school's delinquency.

Or the Festival Director may elect to not allow just the student(s) whose application material is incomplete to participate in the Festival activity that those applications represent, or in any subsequent activity for the remainder of that school year. The Festival Director will notify the appropriate music educator and the school's principal / headmaster of the student's delinquency.

Schools with two or more music educators may file separate online applications and/or forms (one per teacher). In that case, should one of the teachers not meet the deadlines, only the students represented by that delinquent teacher will not be allowed to participate in the remaining aspects of the Festival.

G: ACCEPTANCE OF SELECTION

Students who are selected for the Vermont All State Music Festival and whose names appear on the signed Festival Acceptance and Housing Form (created after their participation has been confirmed online) submitted by their school representatives are expected to honor their commitment to the Festival. Those who do not honor their commitment will not be eligible for the following year's auditions or festival.

All students must be listed on their school's Festival Acceptance and Housing Form and will be considered the responsibility of that school's music educators and/or chaperones during their Festival participation.

SAT and AP Exams are NOT an excuse to miss any part of the All State Music Festival. Be aware that there are alternate dates for the Advanced Placement Exams and that affected students should plan ahead.

This is the 2009 AP Exam schedule for the three school days of the 2010 Vermont All State Music Festival:

| <u>Date</u> | <u>Morning Exams</u> | <u>Afternoon Exams</u> |
|-------------------------|---------------------------------------|--|
| Wednesday, May 5 | Calculus AB Calculus BC | Chinese Language and Culture |
| Thursday, May 6 | English Literature German Language | Japanese Language and Culture French Literature |
| Friday, May 7 | United States History | European History Studio Art (portfolios due) |

Again a reminder:

The Vermont All State Music Festival gives participants an intensive experience in a performance ensemble. A participant must attend all rehearsals, concerts and all other scheduled festival activities. The ensemble's preparation and performance would be severely harmed without this policy. The festival's educational objective requires that a participant experience ALL rehearsals and other activities, follow curfews and other policies, and be fully prepared to contribute to the final performances. Failure to attend all of the festival's rehearsals, concerts and other activities will result in disqualification from further participation in this year's festival, and may result in disqualification from future festivals. In the event of an illness or family emergency that requires the student to be excused from a festival event, the participant will not be penalized from participation in future festivals. Because it is essential for all performers to participate in all aspects of the preparation, there are no exceptions to the requirement that a participant attend all rehearsals and other required activities in order to perform in the festival.

H: MUSIC AND STUDENT PREPARATION

All of the music needed for the Festival will be provided by the VMEA Librarian through new purchases, by using the existing VMEA Library or by soliciting the loan of required music from other sources. All music purchased by the All State Music Festival will become the property of the VMEA.

The VMEA Music Librarian will send the needed parts for each ensemble to the appropriate Ensemble Managers who, in turn, will send it to each Festival participant's sponsoring school prior to the Festival. Each school is responsible for the timely distribution of this music. The music should arrive at each school in time for adequate preparation by the student participants.

The preparation of music by the student participants of the Festival is the responsibility of the local music educator and/or the school's designated representative.

All music must be turned in to the appropriate ensemble committee at the conclusion of the Festival. Failure to comply will result in the school being billed for any missing music. Delinquent bills must be resolved before a school can apply for the following year's auditions.

Previous festival selections are available for loan to any school or music personnel from the VMEA Music Library. Contact the VMEA Librarian for a list of available selections or consult the VMEA website. The school borrowing the music is responsible for the cost of the postage to mail and return the selections. Requests from non-VMEA members will require the payment of an annual library fee.

I: FESTIVAL HOUSING AND STUDENT TRANSPORTATION

Housing is furnished by the host organization as outlined under the Festival Host / Co-Hosts position description listed in this handbook. Festival participants from the host city will not be housed and students living within a reasonable distance (usually within a 30 minute drive away) of the host school may be asked to commute at the host's discretion.

Individual schools may assume the responsibility and cost of housing their own students in local hotels / motels with the understanding that all Festival rules still apply for those students during their stay in the host community.

All participating students listed on their school's Festival Acceptance and Housing Form from schools that require housing will either be housed by the hosts assigned by the local housing committee or stay in housing approved of and supervised by their school.

SPECIAL HOUSING REQUESTS: If a student wishes to be housed with a relative / family friend in the host community, the host community member (relative / friend) **MUST** contact the host's Housing Chairperson and make the request for the student. **Such arrangements made without the Housing Chairperson's knowledge and approval will not be honored.** Students housed with relatives or family friends are under the same rules as any other student participating in the Festival.

STUDENT DRIVERS: No participating student is allowed to drive themselves nor to ride with another student to any aspect of the Festival except for the host school's participating students who may drive themselves to and from the Festival as outlined by the host school's student driving policies. Host school students may not use their vehicles during the Festival day and can only use them to transport themselves to the Festival for the start of the day and back home at the conclusion of the Festival day. Participating students (except for the host school's participants) **CAN** only be transported by school bus, their teachers, their parents or the adults (21 or older) in their host family.

The host school will make any appropriate arrangements for student participant transportation should it be necessary during the Festival. These arrangements may involve local parents housing students, contracted or district school buses or participating school personnel. **They may not include any student drivers.**

JAZZ ENSEMBLE HOUSING: Due to their unique schedule, All State Jazz Ensemble members begin their festival activities at noon on Wednesday and conclude them after their performance on Friday evening. During that time, they are the responsibility of the festival and therefore required to follow all festival policies. When they conclude their Festival participation after their performance on Friday night, they again become the sole responsibility of their parents or school chaperone. Unless they requested Friday housing due to travel distances, they cannot stay with their hosts overnight on Friday to attend the Saturday concert(s). They may return on Saturday to attend the concert(s) and will be admitted for free by showing their Festival ID.

WEDNESDAY NIGHT HOUSING FOR PARADE PARTICIPANTS: Wednesday night housing is offered to students who are in the All State Band, Chorus or Orchestra if they are also participating with their school in the All State Parade and the travel distance back home is greater than a 90 minute drive. Teachers need to indicate the need for Wednesday night housing on the student's online Festival Acceptance page. **Teachers need to be aware that Wednesday night housing is an extreme burden for the host community and use this privilege wisely.**

J. TEACHER - CHAPERONE RESPONSIBILITIES

A teacher or other adult chaperone representing EACH participating school MUST be within 30 minutes travel time of the host school at all times students from that school are involved in any aspect of the Festival.

All teachers and/or chaperones are expected to check in on Wednesday noon (if their school has All State Jazz Ensemble students), Wednesday evening (if their school has requested Wednesday Night housing) or Thursday morning (for all others) when registering their students. Each teacher and/or chaperone must leave his / her Festival address and local telephone number when registering for the festival. If the address is a local motel or hotel, the teacher and/or chaperone should give their room number. For everyone's safe participation in the festival, the Festival Director and the Dean of Students needs to know the whereabouts of all those responsible for participating students at all times.

If a teacher and/or chaperone from a participating school cannot be available during the festival, a teacher and/or chaperone from another school may assume the responsibility for the first school's students, through

mutual agreement. Such teachers and/or chaperones responsible for more than one school must register with the Festival for each of those schools.

SATURDAY COVERAGE: A school representative MUST be at the festival site until all of their school's students have been retrieved by their parents or other responsible adults. CHAPERONING TEACHERS MAY NOT LEAVE THE FESTIVAL UNLESS A REPLACEMENT IS MADE KNOWN TO THE FESTIVAL COMMITTEE. Schools who do not have appropriate chaperone coverage at all times will forfeit the ability to participate in the following year's festival.

If there are two Saturday concerts, teachers are responsible for their students during that day's dinner time as the host school will not provide that meal. The students may go to eat with their parents, with their friends' or schoolmates' parents, with their host family, with their teacher or with another teacher. Students may not be left at the host school or the performance site without direct teacher supervision and provisions for feeding them being made. Students may not go to eat on their own (even if that's walking to a nearby restaurant).

YOUR STUDENTS MUST BE ACCOUNTED FOR AT ALL TIMES.

K. INSURANCE & PARENTAL CONSENT

Students attending the Vermont All State Music Festival should be adequately covered by health and accident insurance. This insurance should be provided by the parents, by the state of Vermont or, in lieu of such coverage, by their school. The host school and the VMEA provide only public liability insurance. Each student's insurance information is requested on the Student Medical and Acceptance Form. That form must be included with the Festival Acceptance and Housing Form and submitted by the appropriate deadline. **While discouraged, students may participate in the Festival without medical insurance.** This information is considered confidential and is only shared with those directly responsible for the student's care during the Festival.

The form also asks for a signature indicating parental consent to offer medical treatment and/or authorization to use the health insurance should either be necessary. Should the student's / family's religious affiliation preclude the Festival from offering medical treatment, that should be indicated on the medical form. **Again, while discouraged, students may participate without medical treatment consent.**

A WORD ABOUT THE REQUIRED SIGNATURES:

The Vermont All State Music Festival requires two signatures on the Medical & Participant Acceptance Form, both to indicate not only that the information supplied is accurate, but also that the policies included on or represented by the form have been read and understood by both parties. The signatures are required to allow the Vermont All State Music Festival to authorize medical treatment for the participant should it become necessary.

For participants under the age of 18, those two signatures are their own and their parent or guardian. This holds true even if the student is covered by the State of Vermont's Dr. Dinosaur program or their own school's insurance program.

For participants 18 or older, those two signatures are their own and the policy holder for their medical insurance as listed on the Medical & Participant Acceptance Form. In most cases, the policy holders for their medical insurance are their parents and/or guardians. In some cases, it may be their school district, in which case the parent's signature would again be used. **Only** in the case where the student individually holds their own medical insurance policy may the student sign this portion of the form.

L. STUDENT RESPONSIBILITIES

Students who fail to meet all of their Festival responsibilities will be dismissed from the Festival and the infractions will be reported to their music educator and their school administration.

Students are to be on time for all Festival rehearsals, meals, activities, and concerts (even if not performing), and to participate and behave in an appropriate manner. Students are required to follow all Festival regulations and policies. Students are to remain on the host school's campus or other specified boundaries at all times during the Festival day.

Students should be properly dressed for each aspect of the Festival (For specifics on Festival Dress, see subsection M that follows).

STUDENT ILLNESS: Should a student become ill during the festival, they should report directly to their Ensemble Manager for assistance. That assistance may involve the Dean of Students, the Festival Director and/or the festival's health professional. Should the student's illness preclude them from participating in on-going rehearsals for an extended time (in most cases, more than thirty minutes), the Festival Director will make a determination on the student's continued participation in the Festival and the student may be dismissed from the Festival at that time. Students who have a fever for more than 30 minutes will automatically be sent home from the festival and may not return.

Student behavior and dress at all festival activities, especially the concerts, is a reflection on the individual student, his / her school and music educators, and on the All State Music Festival. Those unable to participate appropriately will be asked to leave the activity and may be subject to dismissal from the Festival.

Students are responsible for their own property at all times during the Festival. Instrumentalists should bring all instrumental needs with them. School music educators should direct any need for large or unusual instruments to the appropriate Ensemble Manager.

Smoking is not allowed at any time, in any place including host's homes, during the Vermont All State Music Festival.

M: STUDENT DRESS

Arrival / At Host's Homes:

As a matter of courtesy to the people who are hosting the Festival and the families that are housing participating students, student dress should not offend anyone at any time. Neatness and cleanliness are always in good taste.

Rehearsals / Meals:

Dress should be acceptable school dress without any offensive aspects. Some type of shoes must be worn as bare feet will not be allowed during the Festival. Students may be asked to change clothes if necessary.

Thursday & Friday Concerts for audience members:

Same as for Rehearsals / Meals (above)

Thursday & Friday Concerts for participants:

Both genders: Semi-formal attire in appropriate colors for a musical performance.

Saturday Concerts for participants:

Ladies: White blouse, black skirt below the knee, black hose and shoes.

Gentlemen: Dark (black or dark blue) suit or dark sports coat and dark dress slacks, white shirt, dark, long tie, appropriate hose and shoes.

Student dress at all festival activities, especially the concerts, is a reflection on the individual student, his / her school and music educators, and on the All State Music Festival. Those unable to dress appropriately will be asked to leave the activity and may be subject to dismissal from the Festival.

N: FESTIVAL CONCERTS

On Thursday evening, the Scholarship / Performance award recipients from each category (except Jazz) will perform at the site designated by the Festival Host / Co-Hosts.

On Friday evening, the Scholarship / Performance award recipient in the Jazz category and the All State Jazz Ensemble will perform at the site designated by the Festival Host / Co-Hosts. All of the Jazz Scholarship award recipients may be recognized during this concert.

If the Composition Scholarship / Performance award recipient's piece is more of a classical piece, it will be performed during the Thursday Evening Concert. If it is more of a jazz oriented piece, it will be performed during the Friday Evening Concert. If it is a large ensemble piece, it may be performed on Saturday by a volunteer group. At no time will the composition award piece be performed by an All State ensemble unless specifically arranged by the Festival Director.

Festival Saturdays with one concert: The Festival Chorus, Orchestra and Band will present an afternoon concert at the site designated by the Festival Host / Co-Hosts. Performance order will be determined by the Festival Director and the Festival Host / Co-Hosts. The Scholarship award recipients (Scholarship / Performance, Scholarship and Honorable Mention) will be recognized at this concert. The Evelyn Springstead Scholarship, Richard W. Ellis Scholarship and any other awards directly related to the Festival (such as the VT- ACDA Scholarship) may also be presented at this concert.

Festival Saturday with two concerts: The Festival Chorus, Orchestra and Band will present a Matinee Concert at the site designated by the Festival Host / Co-Hosts. Performance order will be determined by the Festival Director and the Festival Host / Co-Hosts.

That Saturday evening, the same performing groups from the Matinee Concert will present the Evening Concert at the site designated by the Festival Host / Co-Hosts. Performance order will be determined by the Festival Director and the Festival Host / Co-Hosts. The Scholarship award recipients (Scholarship / Performance, Scholarship and Honorable Mention) will be recognized at this concert. The Evelyn Springstead Scholarship, Richard W. Ellis Scholarship and any other awards directly related to the Festival (such as the VT- ACDA Scholarship) may also be presented at this concert.

O: CONCERT TICKETS

Ticket information, advance ticket order blanks, and posters promoting the Festival will be sent to each participating school by the host school. It is the responsibility of the school music educator to make sure that this information is distributed to the participating students and their parents in a timely manner.

Ticket information will be posted on the Vermont All State Music Festival website (www.vmea.org). Ticket pricing will be set by the Festival Director. The Thursday Evening Concert is free to the public. In 2009,

tickets to the Friday Evening Concert were \$6 each and tickets to the Saturday concert were \$6 for students and senior citizens, and \$8 for adults. VMEA members will be admitted to any Festival concert free of charge upon presentation of their current membership ID at the ticket box office. An effort will be made to offer complimentary tickets to the community families who hosted participating students. This effort will be limited to a maximum of two tickets per household and may be to the Matinee Concert in a two concert format. Limited seating may preclude the festival being able to make this offer in any particular year.

P. WEBSITE

The Vermont All State Music Festival website is made possible by the Vermont Music Educators Association and is hosted on the same server. With so many schools involved in the Festival representing many different school policies involving the distribution of student information on the Internet, the All State website cannot be used to distribute lists of students involved in our event, audition ratings or ensemble selections. Such information is only available from the Festival Director through each school's music educators. All other public information is available at the website and parents, students and community members are encouraged to check the site for answers to their questions. If you have a question about the All State website, please direct them to the All State Festival Director (email link at www.vmea.org).

The audition application process, the distribution of the audition schedule, the dissemination of the audition results, and the festival participation process (which includes the student acceptance and school invoicing) are also online through a separate server that is linked to the All State website. A password and/or MENC / VMEA Membership Number will be required to use this site. **SHARING THIS PASSWORD OR MEMBERSHIP NUMBER WITH STUDENTS, PRIVATE TEACHERS OR PARENTS WILL RESULT IN THE DISQUALIFICATION OF ALL OF THAT SCHOOL'S APPLICANTS / PARTICIPANTS.**

R: APPEALS PROCESS

Should a teacher feel that a decision made by the Festival Director pertaining to their school or students' involvement in the festival is an incorrect one, they have the right to appeal that decision to the VMEA Executive Board. The teacher has this right if and only if they have already shared their concern about the decision with the Festival Director in detail and have not received the judgment they felt appropriate even after learning more about the process, circumstances and future ramifications.

To initiate an appeal of a decision made by the Festival Director, the teacher should, in a timely manner:

- Document the circumstances surrounding the issue.
- Document the sharing of their concern with the Festival Director.
- Communicate their concern and share their documentation with their school administrator.
- Participate in the appeals process as needed.

The school administrator should, in a timely manner:

- Communicate with the Festival Director to discuss the teacher's concern.
- After that discussion, decide if the concern has merit for an appeal.
 - **If it does not**, communicate that to their teacher.
 - **If it does**, contact the VMEA President requesting an appeals hearing on the concern and send the appropriate documentation to the VMEA President
- Participate in the appeals process as needed.

The VMEA President and Executive Board will, in a timely manner:

- Contact all parties concerned and notify them of the appeal.
- Share the documentation with the board members.
- Arrange for a meeting / conference call to hear from all parties.
- Document the meeting / conference call discussion.
- Request further information as necessary.
- Render a decision
- Communicate that decision to all parties.

The Festival Director will, in a timely manner:

- Act upon that decision as necessary.
- Review the policy or procedure that was brought into question for future clarification.

SECTION III: GENERAL AUDITION POLICIES AND PROCEDURES

A: AUDITION PURPOSE

The Vermont All State Auditions are considered an educational opportunity and all involved should strive to do all they can to that end. They are used to place deserving students into the appropriate All State Music Festival Ensembles. All who participate in those ensembles (the All State Band, Orchestra, Jazz Ensemble and Chorus) must be placed in those groups by ratings received at the All State auditions. The auditions are open to all eligible students (For eligibility requirements in Section II: FESTIVAL POLICIES AND PROCEDURES, subsections A and C / page 11).

The only exceptions would be the placement of a student on an instrument that does not have a listing on the All State Audition Selection List (for example: Harp) or the placement of pianists. As required by the selected program(s), performers on non-listed instruments (besides piano) will be selected by the Festival Director and the appropriate Ensemble Manager.

Should a pianist be needed by the All State Band and/or All State Orchestra to properly perform their program, and the piano part(s) constitute more than 60% of the program (to make sure the pianist is adequately involved in rehearsals & concerts), the opportunity to participate in the Festival will be offered to the highest rated Piano Scholarship performer. Should that student not wish to participate, it will be offered to the next highest rated Piano Scholarship performer and so forth until a student has accepted the offer or the skill level of the next student on the list would preclude them being able to make a positive contribution to the ensemble.

A student selected in either of these manners will be responsible for the same fees, deadlines and will follow the same policies and procedures as any other accepted student. Such student(s) must be listed on the appropriate school's Acceptance and Housing Form.

B: AUDITION SITES, DATES AND ASSIGNMENTS

The Vermont All State Music Festival offers two audition sites and dates for students to be adjudicated for acceptance into each year's Festival Ensembles. Those two sites will be at two schools willing to host these events and located so that no school in Vermont is more than a 3 hours drive away from one of them. The dates will be on two consecutive Saturdays in January, as determined by the Festival Director, and a third Saturday will be chosen as a Snow Date should it be needed. Each year the two sites will alternate being the first audition.

This year's audition sites and dates are:

| | | |
|--|------------------------------|-------------------------|
| SOUTHERN AUDITIONS | HARTFORD HIGH SCHOOL | JANUARY 9, 2010 |
| NORTHERN AUDITIONS | SOUTH BURLINGTON HIGH | JANUARY 16, 2010 |
| POSSIBLE SNOW DATE (an SAT I & II Saturday) | | JANUARY 23, 2010 |

Schools are assigned to these audition sites by the Festival Director. A listing of schools' assigned audition sites is in Section XI: APPENDICES, subsection A: Audition Site Assignments (page 44). Should a school need to be re-assigned due to an unavoidable conflict with their assigned date, the music educators involved **MUST** contact the Festival Director prior to the Audition Application deadline.

C: AUDITION MUSIC

The specific pieces to be prepared for the required auditions for the All State Band, Orchestra, Chorus and Jazz Ensemble have been selected by the All State Festival Committee and are listed in this handbook by *2009 - 2010 Vermont All State Music Festival Handbook* *Page 23*

school year and instrument in SECTION XI: APPENDICES, subsection F: Audition Selections (pages 50 to 53). The current year listings are also on the Vermont All State website at www.vmea.org.

The music to be prepared for the Scholarship Auditions is described in Section VIII: FESTIVAL SCHOLARSHIP AUDITION POLICIES AND PROCEDURES (pages 35 & 36).

Only a performance of the appropriate audition selection (including the proper movements, composer / arranger, and publisher) will be accepted as an audition.

Students must perform their audition using an original copy or from memory. To do otherwise will result in disqualification. No photocopies allowed in the audition.

D: AUDITION APPLICATION, FORMS AND FEES

The All State Audition Application is online at the All State pages of the VMEA website at www.vmea.org. Click on the *APPLICATION ONLINE* link and follow the instructions for completing the school and student application information, for printing out school listings and for producing the school invoice to be sent in with payment.

Applications are only considered complete when proper payment in full of the audition fees has also been received by the application deadline (See Section II: FESTIVAL POLICIES AND PROCEDURES, subsection D: Applications, Fees and Corrections / page 12). The online application includes a cover sheet indicating the school's total fee, based on their application information. This sheet should be printed out and must accompany the appropriate payment.

Payments for audition fees can only be made with a school check, a check from a music educator or cash. Checks from students or their parents are not acceptable.

E: AUDITION SCHEDULING

Students are required to audition at the site assigned to their school. School music teachers are asked to notify their auditioning students of the audition dates, times and site in a timely manner.

If a specific audition time is needed, the sponsoring teacher should make that request in writing in the email message sent to the Festival Director by the application deadline. All such email requests will be acknowledged. Should a student have an irresolvable conflict with their school's audition date, their music educator should request, in writing, a change of site and include that with the school's computer application. Again, email is acceptable for these requests. The Festival Director and the Audition Chair will do his / her best to meet these requests.

Requests for changes in audition site will only be accepted to December 1st. Requests for changes in audition times will be accepted up to January 6th for the Southern Auditions & January 13th for the Northern Auditions. Changes requested after December 1st will incur an additional fee.

SATs and/or other college testing will not be acceptable reasons for a change of audition site after December 2nd. Plan ahead.

The Audition Chair and/or Festival Director will notify each school of their students' schedule via the website. The school music educator is responsible for notifying the students of their times and rooms, and assisting the students in getting to the audition site properly prepared and on time.

F: ILLNESS DURING AUDITION TIME

If a student cannot attend his / her audition due to illness, they may receive either a rescheduled time or a supplemental audition.

To qualify for such a change, the following must be completed:

- The student must be ill enough to preclude participation as determined by their parents and/or doctor
- The request must come from their music educator or home school parent and must be made by the Monday following their originally scheduled audition day
- The formal request must come via email even if the initial contact was made in person or by phone

Illness is the only acceptable reason for a rescheduled or supplemental audition. Auditions missed due to a failure to plan ahead to avoid conflicts with SATs, work, sporting events, or other activities will not rescheduled.

The Festival Director will arrange an audition for the student before the audition snow date at a time and place convenient to all involved (student & adjudicator) which may include the following audition date.

Due to the complexity of the Scholarship and the Jazz auditions, those auditions will be scheduled only on the two audition dates at the appropriate audition sites.

At the auditions, the host school's audition room proctors may adjust their room's schedule as needed for the students listed on the adjudicator's schedule webpage. This is done to assist students who are delayed by auditioning in other rooms, transportation delays, equipment problems, etc.

Students may NOT be added to a room's schedule without a specific request being made by the Festival Director, the Assistant Festival Director or the appropriate Adjudicator Coordinator. Auditions added to the schedule without such a request will be disqualified.

G: AUDITION POSTPONEMENT AND CANCELLATION

Should the weather (or other factors) prohibit the auditions from taking place as scheduled, the audition snow date will be used at the same site following the finalized schedule. Audition Site Host / Co-Hosts should plan on their facilities being available on the snow date, should that date be required.

The Festival Director, in discussion with the Festival Committee, will be the only one who can postpone the auditions. Unless an issue is known prior to the audition day that will prohibit the auditions from taking place, the decision to postpone will not be made until 5:30 AM of the actual audition day.

Notification of such a postponement will be made beginning at 6:00 AM of the audition day on all the FM radio stations in the audition area, on the All State website, on Steffen Parker's and the VMEA's FaceBook pages and on Vermont Public Radio.

All expenses incurred by the adjudicators, committee members and/or host school relative to the postponement of the auditions will be reimbursed by the All State Music Festival.

If the auditions do proceed and a school's headmaster / principal will not allow students of his / her school to travel to their assigned audition site due to adverse weather conditions in their area, then Festival Director will make arrangements to audition that school's students at a later date prior to the snow date.

H: AUDITION CHECK-IN AND ADJUDICATION FORMS

Schools should arrive at their audition site at least 45 minutes before their first scheduled audition time. Music educators should register their school at that time, notifying the registration desk of any cancellations as well as checking to see if there has been a change in their school's schedule or changes in an adjudication room's overall schedule. **Schools scheduled for later in the afternoon (after 1:00 PM) should arrive by 1:00 PM** as the schedule will have compressed during the day due to cancellations and this may allow their students to be auditioned earlier than scheduled.

Should a school or student be late in arriving, the adjudicators will remain available to hear auditions for 30 minutes after their last scheduled audition would have concluded. After that, it is up to the discretion of the adjudicator(s) involved, the appropriate Adjudicator Coordinator, and/or the Festival Director whether or not the late student(s) will be allowed to audition.

Each school is assigned a school code number to help keep the school's identity confidential; it is the teacher's responsibility to relay that code to each student so they can properly enter it on their adjudication forms, should they become necessary. School codes are listed with the school's name in Section XI: APPENDICES, subsection A: Audition Site Assignments (page 44) and on the All State website (www.vmea.org).

If a paper adjudication form is being used, it is the teacher's responsibility to make sure that all adjudication forms are completely filled out before the students arrive at the audition room. A separate adjudication form is required for each of a student's auditions (the Scholarship auditions may require four copies of the adjudication form and the Vocal auditions may require two separate adjudication forms). All required information including the appropriate school code must appear on each adjudication form.

Choral teachers should have their quartet assignments planned in advance and their students aware of their audition times and responsibilities to ensure a smooth audition process.

I: ADJUDICATION

Students should come to their audition room (with their own adjudication sheets, if needed) at least 10 minutes prior to their scheduled audition time. Each audition will be evaluated by one or more qualified adjudicators who will give each student an audition rating on some or all of their audition requirements.

Only students completing all aspects of their audition process will be considered for selection to the Festival Ensembles. Regardless of a rating given for the other aspects of the audition, failure to complete the sight-singing / sightreading aspect of the auditions will disqualify a student's audition from festival consideration.

Only students listed on the adjudicator's online schedule may audition, having been entered there from a school's online application, a Festival Director approved addition or an on-site registration. Students may only audition on the instrument or in the voice that was indicated on the adjudicator's online schedule.

Students not listed or students auditioning on a different instrument or voice other than the ones listed for them will not be considered for acceptance into the Festival.

Students will be rated on various point scales with each aspect of the audition receiving a predetermined amount of points.

The results of the auditions will be used to invite some students to participate in the All State ensembles and will be used to place those students when appropriate within those ensembles.

J: PREFERENCES

Applying students are asked to indicate a preference for a particular performing group through the application process. Students may number their preferences. However, student preferences are there only to aid the Festival Director in placing accepted students. There is no obligation to honor individual preferences.

The Festival Director is charged with the responsibility of assembling the finest high school musicians in Vermont into four high quality music performance groups. To this extent, the overall quality of the festival experience for everyone takes precedence over individual considerations. The Festival Director must maintain the integrity of the organization and its regulations through his / her decisions, viewing the future effects of each decision rather than the one time effect on a current situation.

Students qualifying for selection to more than one of the Festival performing groups are expected to accept a position in the group assigned by the Festival Director. **If a student does not want to be in a particular Festival group, he / she should not audition for it.**

K: IRREGULARITIES

Should a teacher become aware of an irregularity in the audition process involving one or more students, they must notify the appropriate Adjudicator Coordinator immediately. Potential corrections are then possible at that time, thus being fair to all involved. Changes to compensate for any irregularities noted by teachers will not be made to audition sheets and / or ratings after the audition day has concluded.

SECTION IV: VOCAL AUDITION POLICIES AND PROCEDURES

A: AUDITION TIMES

Vocal quartet audition time slots are 8 minutes in length with the sight-singing aspect of the audition conducted in a separate room by a separate adjudicator. The sight-singing will not be scheduled, but will operate on a first-come, first-serve basis. An opportunity to sight-sing will be made available for every vocalist who performed in a vocal quartet audition up until the end of the audition day.

The Choral Audition Application (within the online application process) allows teachers to enter their students in quartets as well as singularly. Teachers should enter their students in complete quartets first and then enter the remaining students. Blanks should not be entered into the application.

Schools will receive enough quartet audition time slots to match the quartet voice with the largest number of applying students (i.e.: 15 sopranos equals 15 quartet audition time slots). Should any of those students on that quartet voice not appear for the auditions, the number of quartet audition time slots for that school will be reduced accordingly.

Should a student neglect to complete the sight-singing portion of their audition after performing the vocal quartet and solo portion, their audition will be disqualified.

B: ADJUDICATION

Students who audition under the Vocal Audition format are applying for acceptance to the Festival Chorus. A separate audition is required to be considered for acceptance into other groups.

Students will be auditioned by a quartet of adjudicators, one for each voice part. Each adjudicator will evaluate a separate voice part. The sight-singing aspect of the audition will be heard in a separate room by a separate adjudicator on a first-come, first-served basis. The vocal sight-singing rooms will each hear any of the four vocal parts.

A student may sing in several quartets but only if required to do so by a limited number of students on their voice part available from their school. They will only be rated on their first appearance before an adjudicator and will only perform their sight-singing once.

All quartets from the same school will be judged by the same quartet of adjudicators unless scheduling prohibits it. Changes in the membership of each adjudicator quartet will only be made by the Vocal Adjudicator Coordinator with the approval of the Festival Director.

Although it is discouraged, women may audition as tenors.

Students may audition on only one voice part. Students who audition on more than one part will not be considered for the Festival regardless of how high either of their auditions were rated.

C: INCOMPLETE QUARTETS

If a school has an incomplete quartet, they will have the option to do one of the following:

- have the appropriate adjudicator(s) sing the missing part(s).
- have another student from their school or another school sing the missing part(s). This student(s) must have already auditioned or is/are not being considered for the Festival.

The student(s) that help fill out quartets will not be rated while auditioning in that capacity.

A school music educator or any other adult may not sing in an auditioning quartet.

Should a school require an adjudicator to sing a part in more than one of their quartets, the adjudicator and all of the involved students will sing through the piece prior to the first quartet performing their audition.

D: AUDITION REQUIREMENTS

For the specific procedure used for vocal quartet auditions and vocal sight-reading, see Section XI: APPENDICES, subsection D: Vocal Audition Procedure on page 48.

- Sing their part in the appropriate audition piece in an a cappella quartet before the quartet adjudicators either using original copies of the piece or from memory (see page 49 for this year's audition piece).
- Sing their part on a section of the same piece as an a cappella solo before the appropriate voice adjudicator either using original copies of the piece or from memory (see page 49 for the solo section)
- Sight-sing a short melody. **Students may NOT hum or make any other sound while preparing to perform their sight-singing example**
- After being given a rhythmic exercise, chant it on a neutral syllable such as “la, la” or “doo, doo” (rather than clapping the exercise).
- Sing, in solfege, a full eight note major scale ascending and descending and then sing the appropriate arpeggio. The solfege arpeggio will consist of Do – Mi – So – Do (top) – So – Mi – Do – So (below tonic) - Do

The students may bring a pitch pipe or other tone generator to the audition to establish each part's beginning pitch. The appropriate adjudicator may be asked to sing a specific part's starting pitch.

E: SELECTION TONALITY

The vocal audition piece may be sung in the original key, or up or down a half or a whole step (i.e.: the piece may be sung in F, F# (Gb), G, G# (Ab) or A when G is the written key.)

NO PHOTOCOPIES OF THE AUDITION SELECTION WILL BE ALLOWED IN THE AUDITION ROOM.

SECTION V: NON-JAZZ INSTRUMENTAL AUDITION POLICIES AND PROCEDURES

A: AUDITION TIMES

Instrumental (non-jazz) audition time slots (except for Percussion) will be 10 minutes in length with the sight-reading aspect of the audition conducted in same room by the same adjudicators. Percussion auditions will be 15 minutes in length with the accessory, rudiment or tuning or sticking aspects as well as the sight-reading portion conducted in the same room by the same adjudicators.

The only exception would be if there are too many audition requests for any one instrument (i.e.: flute) to allow the Audition Chair to create a reasonable schedule for the adjudicators and students. In that case, the audition time slot will be reduced (to 7 or 8 minutes as needed) with the sight-reading aspect of the audition will be heard by a separate adjudicator in a separate room on a first-come, first-served basis (as the jazz and vocal auditions do now).

B: ADJUDICATION

Students who audition under the Instrumental Audition format are applying for acceptance into either the Festival Orchestra or the Festival Band (with the appropriate exceptions for strings and saxophones). A separate audition is required to be considered for acceptance into other groups.

Students will be auditioned by a pair of adjudicators who will jointly rate the student's performance.

Students may audition on more than one instrument as long as they were correctly listed on their school's online application for Brass, Woodwind, Percussion and String Auditions once for each audition and the appropriate number of fees were paid. Students **may not audition on the same instrument** twice regardless of the information on the application form or the number of fees paid.

Students may not audition on a different instrument other than the one(s) listed for them on their school's online application for Brass, Woodwind, Percussion and String Auditions.

C1: AUDITION REQUIREMENTS – WIND & MELODIC PERCUSSION

To complete their audition, students must:

- Perform the appropriate audition piece unaccompanied before the pair of adjudicators (see SECTION XI: APPENDICES, subsection E: Audition Selections on page 49 for this year's audition piece for each instrument). The adjudicators may make cuts in the amount of the piece to be performed and will inform the student of these cuts before they begin their audition. The student must perform the piece from an original copy or from memory.
- Perform two diatonic major scales and the chromatic scale as described in SECTION XI: APPENDICES, subsection B: Scale Requirements on page 45. The metronome marking for the scales is the **MINIMUM** tempo for their performance in the audition.
- Sight-read a short melody at a tempo given by the adjudicator.

In addition, students auditioning on melodic percussion must:

- Perform the short excerpts on three of the five accessory instruments (Bass Drum, Crash Cymbal, Suspended Cymbal, Tambourine, Triangle). The adjudicators will select which three accessory instruments are to be performed as part of the audition. The Secondary Percussion Excerpts are available to download from the Handbook section of the All State website (www.vmea.org).

C2: AUDITION REQUIREMENTS – STRING INSTRUMENTS

To complete their audition, students must:

- Perform the appropriate audition piece unaccompanied before the pair of adjudicators (see SECTION XI: APPENDICES, subsection E: Audition Selections on page 49 for this year's audition piece for each instrument). The adjudicators may make cuts in the amount of the piece to be performed and will inform the student of these cuts before they begin their audition. The student must perform the piece from an original copy or from memory.
- Perform a diatonic major scale, a Melodic Minor scale and a major/minor arpeggio (based on one of the two scales previously asked) as described in SECTION XI: APPENDICES, subsection B: Scale Requirements on page 45. The **MINIMUM** metronome marking for the scales and arpeggio is a quarter = 88.
- Sight-read a short melody at a tempo given by the adjudicator.

C3: AUDITION REQUIREMENTS - SNARE DRUM

To complete their audition, students must:

- Perform the appropriate audition piece unaccompanied before the pair of adjudicators (see SECTION XI: APPENDICES, subsection E: Audition Selections on page 49 for this year's audition piece). The adjudicators may make cuts in the amount of the piece to be performed and will inform the student of these cuts before they begin their audition. The student must perform the piece from an original copy or from memory.
- Perform four rudiments from the list as described in SECTION XI: APPENDICES, subsection C: Percussion Requirements on page 46. The adjudicators will select which rudiments are to be performed as part of the audition.
- Sight-read a short phrase at a tempo given by the adjudicator.
- Perform the short excerpts on three of the five accessory instruments (Bass Drum, Crash Cymbal, Suspended Cymbal, Tambourine, Triangle). The adjudicators will select which three accessory instruments are to be performed as part of the audition. The Secondary Percussion Excerpts are available to download from the Handbook section of the All State website (www.vmea.org).

C4: AUDITION REQUIREMENTS - TIMPANI

To complete their audition, students must:

- Perform the appropriate audition piece unaccompanied before the pair of adjudicators (see SECTION XI: APPENDICES, subsection E: Audition Selections on page 49 for this year's audition piece). The adjudicators may make cuts in the amount of the piece to be performed and will inform the student of these cuts before they begin their audition. The student must perform the piece from an original copy or from memory.
- Perform several selected tuning and sticking studies as described in SECTION XI: APPENDICES, subsection C: Percussion Requirements on page 46. The adjudicators will select which studies are to be performed as part of the audition.
- Sight-read a short phrase at a tempo given by the adjudicator.
- Perform the short excerpts on three of the five accessory instruments (Bass Drum, Crash Cymbal, Suspended Cymbal, Tambourine, Triangle). The adjudicators will select which three accessory instruments are to be performed as part of the audition. The Secondary Percussion Excerpts are available to download from the Handbook section of the All State website (www.vmea.org).

NO PHOTOCOPIES OF THE AUDITION SELECTION WILL BE ALLOWED IN THE AUDITION ROOM.

SECTION VI: JAZZ AUDITION POLICIES AND PROCEDURES

A: AUDITION TIMES

Jazz audition time slots (except for drums) will be 10 minutes in length with the sight-reading aspect of the audition conducted in a separate room by a separate adjudicator on a first-come, first-served basis. Jazz drum audition time slots will be 15 minutes in length with the sight-reading aspect of the audition conducted in the same room at the same time.

B: ADJUDICATION

Students who audition under the Jazz Audition format are applying for acceptance into the Festival Jazz Ensemble. A separate audition is required to be considered for acceptance into other groups.

Students will be auditioned by a team of adjudicators, several of whom will serve as the house rhythm section for the audition to perform with the student. Two adjudicators will serve as the primary evaluators and will jointly fill out the student's adjudication sheet and provide comments. The entire team of adjudicators will participate in jointly rating the student. As scheduling requires it, there will be two separate jazz adjudication panels of four adjudicators each. All of the students auditioning on a particular instrument will be heard by the same adjudication panel.

Students auditioning on drums will perform two big band selections and their sight-reading with a "Little" Big Band" made up of the house rhythm section plus additional horn players. One of those selections will be to evaluate the drummer's ability to drive a big band while the other will be to evaluate their ability to backup a soloist and solo themselves.

The sight-reading aspect of the audition for all others will be heard in a separate room by a separate adjudicator.

Students may audition on different jazz instruments as long as they were correctly listed on their school's computer application for Jazz Ensemble Auditions once for each audition and the appropriate number of fees were paid. Students may not audition on a different instrument than the one(s) listed for them on their school's computer application for Jazz Ensemble Auditions.

C: AUDITION REQUIREMENTS

To complete their auditions, students auditioning on sax, trumpet, trombone, guitar, bass or piano must:

- Perform (with or without the music) the appropriate audition piece, with the house rhythm section, at approximately the same tempo as the record / CD and in the correct style (SECTION XI: APPENDICES, subsection F: Jazz Ensemble Audition Requirements, page 53 lists this year's audition piece for each instrument). *Piano players will play the melody in the right hand while the left hand is playing the chords.* The head should be played in the tradition of the jazz masters (not a strict interpretation of the melody, not just improvising over the changes, but embellishing the melody in a musically accurate manner).
- During the playing of the appropriate audition piece, improvise one full chorus of the changes to the solo with the adjudicator house rhythm section, then return to the melody without stopping.
- Perform (with or without the music) the required Technical Jazz Excerpt alone at the tempo and in the style indicated on the music.
- Improvise over a set of unfamiliar changes that are given to the student during the audition. The student will have two minutes to review the changes and prepare for the improvisation. They will be able to view the changes while performing the improv with the house rhythm section.

- Sight-read the appropriate part of a jazz ensemble selection. The adjudicator will establish the tempo and give the student one minute to look over the sight-reading. The student cannot play any part of the sight-reading during the minute, but may “air play” through it as part of their preparation.

To complete their auditions, students auditioning on drums must:

- Perform the drum part for the selected ‘Backup Big Band’ chart (see SECTION XI: APPENDICES, subsection F: Jazz Ensemble Audition Requirements on page 53 for this year’s big band selection) with the house “Little Big Band” (the house rhythm section plus other horn players) to highlight the student’s ability to support a big band.
- Perform the drum part for the selected ‘Backup Soloist & Solo’ chart (see SECTION XI: APPENDICES, subsection F: Jazz Ensemble Audition Requirements on page 53 for this year’s big band selection) with the house “Little Big Band” (the house rhythm section plus other horn players) to highlight the student’s ability to backup a soloist and perform solos themselves on the drums.
- Demonstrate various styles of music such as swing, Latin, funk, rock.
- Sight-read the appropriate part of a jazz ensemble selection with the house “Little Big Band”

HANDWRITTEN MATERIAL: For any jazz audition, the student may use some their own handwritten material to perform any portion of the audition as long as the original of their audition piece is available in the audition room at that time. This material can include a chord sheet, chord chart, chord fingerings, scales sheet, or similar supportive material, but it cannot be an actual written out melodic line, either for the audition piece or an improvisation for any aspect of the audition.

Teachers may not supply any handwritten or computer-generated material for the student’s use during the audition process.

STUDENTS MUST IMPROVISE THE APPROPRIATE PORTION OF THE AUDITION PIECE THAT CALLS FOR IMPROVISATION. THEY CANNOT READ A WRITTEN OUT SOLO BASED ON THE CHORD CHANGES FOR THAT IMPROVISATION, EVEN IF THE STUDENT WROTE IT.

Students may not audition for the All State Jazz Ensemble on instruments other than the ones included on the jazz ensemble audition listing.

NO PHOTOCOPIES OF THE AUDITION SELECTION WILL BE ALLOWED IN THE AUDITION ROOM.

SECTION VII: FESTIVAL ENSEMBLE SELECTION POLICIES AND PROCEDURES

A: SELECTION OBJECTIVES

The goal of the selection process is to maintain high quality, balanced ensembles and involve as many qualified students from as many high schools as possible.

B: SELECTION RESPONSIBILITY

The responsibility of selecting members for participation in the Festival Ensembles rests with the Ensemble Managers and the All State Festival Committee (this group is considered the Selection Committee). The final decision on the selection is made by the Festival Director.

The selection of participants in the Festival Ensembles will be made only after both audition days have concluded. If there are special auditions yet to be held at that time, the final seating arrangement and the announcement of those arrangements will wait until all auditions have concluded.

C: GROUP INSTRUMENTATION / VOICING / MEMBERSHIP

The voicing of the chorus will be Soprano I, Soprano II, Alto I, Alto II, Tenor I, Tenor II, Bass I and Bass II. The Festival Chorus will be as balanced as possible and will number close to 240 members.

The instrumentation of the band and the orchestra will vary slightly from year to year, from program to program, and from conductor to conductor. The instrumentation of each group is determined by the Ensemble Manager and the Festival Director. The Festival Band normally numbers nearly 100 members and the Festival Orchestra normally numbers nearly 80 members.

The instrumentation of the Festival Jazz Ensemble will be:

| | | |
|--------------------|--------------------------------|------------------------------|
| 2 Alto Saxes | 2 Tenor Saxes | 1 Baritone Sax |
| 5 Trumpets | 4 Trombones | 1 Guitar (amplified) |
| 1 Bass (amplified) | 1 Piano (acoustic or electric) | 2 Drum Set Players (Utility) |

The Ensemble Managers and the Festival Director have the right to adjust any group's instrumentation to meet the needs of the program selected, the constraints of the Festival site or the needs of the Festival.

D: SEATING

The Selection Committee and the Festival Director will assign seating in the band, orchestra, jazz ensemble and chorus according to the audition rating of each student, and the balance and strength needs of each ensemble. The preference stated on the student's adjudication form will be used unless a different ensemble assignment is deemed to be in the best interest of the Festival. There is no obligation to honor student preferences.

The Festival Director is charged with the responsibility of assembling the finest high school musicians in Vermont into four high quality music performance groups. To this extent, the overall quality of the festival experience for everyone takes precedence over individual considerations. The Festival Director must maintain the integrity of the organization and its regulations through his / her decisions, viewing the future effects of each decision rather than the one time effect on a current situation.

No student will be seated in an All State ensemble on an auditioned instrument unless that student has auditioned on that instrument and their audition rating is high enough for consideration. The actual seat arrangements will be based on the order of those audition ratings but that order may be modified to meet the needs of the program or the Festival. Changes in seating (considered only in extreme circumstances) will only be made by the Festival Director after consulting with the Ensemble Managers.

E: SCHOOL REPRESENTATION

The Selection Committee would like to accept, on the basis of state-wide representation, at least one student from every school that has auditioning students. Such satisfactory representation would involve having one student from each school in the Festival, not one student from each school in each performing group. Should a school not have any students accepted into the Festival based on audition ratings and ensemble seating, the Selection Committee will then look at adding a student from that school, a student whose audition rating was close to the cut-off rating for their instrument or voice. This is done on a school by school basis and will include home-schooled students wherever possible.

If this student can be added to the Festival without compromising the balance or quality of the ensemble involved or displacing another student who auditioned well enough to be accepted, then the addition will be made and the student considered as all others who were accepted.

If the committee feels that such an addition would compromise the ensemble's balance or quality, or would displace an accepted student, then the addition will not be made and that school will not have a student representation in this year's Festival.

The committee is under no obligation to accept any student whose audition rating is below the cut-off for their voice or instrument, but will consider some as described above to work towards state-wide representation. Students will not be added to the Jazz Ensemble as part of this process because of that ensemble's limited size and individual part characteristics.

F: ALTERNATES

The Jazz Ensemble acceptance list may include nine alternates (one each for alto sax, tenor sax, bari sax, trombone, trumpet, guitar, bass, piano and percussion). These alternates will be the next available students whose audition ratings were next in numerical order below the cut-off point and they will be offered a place in the Jazz Ensemble during the concert festival should one of the selected Jazz Ensemble members not accept their Festival selection on their school's Festival Acceptance Form. This does not apply to any subsequent performance. Being a Jazz Ensemble alternate will not preclude a student from being accepted into another All State ensemble should their audition rating for that group be above the appropriate cut-off.

Students on all other instruments and voices whose audition rating is next in numerical order below the cut-off point for their instrument / voice may be called upon to replace the appropriate ensemble participants who do not accept their Festival selection on their school's Festival Acceptance Form. If there is a tie between the ratings of the next two (or more) alternates, the Festival Director will break the tie in a fair manner. School representation may be a factor in that breaking those ties.

Alternates will not be used for cancellations after the deadline as listed has passed except in extreme cases and then only with the approval of the Festival Director and the appropriate Ensemble Manager. No alternates will be used for students who fail to meet their commitment to the Festival by not participating in the actual event.

Schools may not substitute other students for those that do not accept their selection on the Festival Acceptance Form nor for those that fail to meet their commitment to the Festival by not attending the actual event.

SECTION VIII: FESTIVAL SCHOLARSHIP AUDITION POLICIES AND PROCEDURES

A: AUDITION AND PERFORMANCE TIMES

Scholarship auditions will be scheduled for 15 minutes in length. The time limit requirements for the actual audition performance are a minimum of 5 minutes and a maximum of 10 minutes. The audition host will provide a quality piano for the scholarship auditions. No other equipment (drumset, amps, etc.) will be provided unless specific arrangements are made with the audition host by the student's music educator.

Should the schedule warrant it, Piano Scholarship Auditions may be scheduled on the Friday evening preceding either or both Saturday audition days.

B: ADJUDICATION

Students who audition under the Scholarship Audition format are applying for one of the Festival Scholarship categories and not for a Festival Ensemble. A separate audition is required to be considered for acceptance into those groups.

Students auditioning for the Festival Scholarship in the seven performance categories (Brass, Woodwind, Percussion, Piano, Voice, String or Jazz) will be perform for a panel of adjudicators, each rating the performance on the same set of specific criteria. Each adjudicator will make his / her own determination of the performance and rate each as they perceived it. The audition is considered a performance and will be judged accordingly. Currently there are two separate scholarship adjudication panels of four adjudicators each with all of the auditions in each scholarship category will be heard by the same adjudication panel. Jazz Scholarship auditions may be heard by a separate panel of adjudicators made up of jazz educators.

Students submitting compositions for the Composition category will have their work reviewed by a committee of music educators, composers and performers. Each adjudicator will make his / her own determination of the composition and rate each one as they perceive it based on a standards rubric developed for compositions.

No substitutes of the Scholarship Adjudication panel will be made during this process. A fair evaluation of each performance will be given, regardless of any adjudicator's familiarity with any performer.

C1: AUDITION REQUIREMENTS - PERFORMANCE CATEGORIES / NON-JAZZ

The student may perform any music that is appropriate for their instrument or voice and may select any musical style except jazz. **Students should be aware that musical theatre is not considered appropriate vocal repertoire for this scholarship.** However, the student may not use the current All State audition piece for their instrument or voice **NOR may they perform a piece that they previously performed for a scholarship audition even if that performance was on a different instrument or voice.**

Music that is written with accompaniment must be performed accompanied. The Audition Host / Co-Hosts will supply a grand piano for this purpose. No other type of accompaniment is allowed.

To complete their auditions, students auditioning for the Festival Scholarship in the Voice, Piano, Brass, Woodwind, Percussion, or String categories must:

- Perform for a minimum of five minutes up to a maximum of ten minutes. One, two or more pieces may be used to meet the time requirements. Performances not meeting the minimum time requirements or exceeding the maximum time limit will be disqualified from scholarship consideration.

- Perform the entire audition from memory. Accompanists do not have to memorize their part and may use the appropriate part. However, performers may not look on the accompanist's music. The accompanist's part must have an original copy of the music. Photocopies of individual pages to assist in difficult page turns are acceptable under the Federal Copyright guidelines, but they must be destroyed at the conclusion of the audition.
- Supply the adjudicators with four copies of the music:
INSTRUMENTALISTS: One of the four copies must be the original instrumental part.
VOCALISTS: All four copies may be photocopies as long as the original voice part is on the accompanist's part and the accompanist is performing from that original. If not, one adjudicator copy must be the original.
ALL: If several originals are available, they should be supplied in lieu of some of the photocopies. The use of photocopies of the music for the judges is acceptable under the Federal Copyright guidelines. The photocopies become the property of the All State Music Festival and will be destroyed at the conclusion of the audition.
- Dress appropriately for a scholarship performance. The adjudicators will evaluate your dress based on these guidelines:
GENTLEMEN: Dress Slacks with Shirt and Tie OR Suit or Jacket/Sports Coat with Shirt and Tie (or Turtleneck) OR School Uniform
LADIES: Dress OR Blouse and Skirt OR Blouse and Dress Slacks OR School Uniform
BOTH: No Jeans, Athletic Shoes or Bare Midriiffs are allowed. All attire should be neat.

NO OTHER PHOTOCOPIES OF MUSIC ARE ALLOWED IN THE AUDITION ROOM.

C2: AUDITION REQUIREMENTS - JAZZ CATEGORY

The student may perform any jazz music that is appropriate for their instrument or voice. However, the student may not use the current All State audition piece for their instrument or voice. The pieces performed may include any jazz style, i.e: Ballad, Swing, Be-Bop, Funk, Latin, Blues, or Fusion, etc.

Students auditioning in the Jazz category may bring a maximum of three performers to form their accompaniment / rhythm section (one bass line rhythm accompaniment; one harmony rhythm accompaniment; one drummer or beat accompaniment) if applicable. **The host school will provide only a piano for this purpose. The other instruments required are the responsibility of the auditioning student.**

To complete their auditions, students auditioning for the Festival Scholarship in the Jazz category must:

- Perform for a minimum of five minutes up to a maximum of ten minutes. One, two or more pieces may be used to meet the time requirements. Performances not meeting the minimum time requirements or exceeding the maximum time limit will be disqualified. The maximum time limit includes any improvisation portion of the selected piece(s).
- Perform the entire audition from memory. Accompanying musicians may use the appropriate part but the performer may not look on anyone else's music.
- Improvise a portion of the performance within the harmonic and/or melodic structure of the piece(s) being performed and within the performance time frame. This requirement is also for vocal jazz performances where the performer may sing 'scat' or embellish on the melody.
- **Copyrighted Music:** Supply the adjudicators with four copies of the music with at least one being an original. If several originals are available, they should be supplied as well. The use of photocopies of the music for the judges is acceptable under the Federal Copyright guidelines. The photocopies become the property of the All State Music Festival and will be destroyed at the conclusion of the audition.

- **Original Compositions:** Provide a copy of the score, either hand-written or computer-generated, for each adjudicator, for each original composition being performed.
- **Fake Book:** Provide four copies of the appropriate page(s) of the “Fake Book” or other source, if one or more of the pieces being performed is a standard where the accompanying rhythm section is either playing from memory or from a “Fake Book”. The photocopies become the property of the All State Music Festival and will be destroyed at the conclusion of the audition.
- Dress appropriately for a scholarship performance. The adjudicators will evaluate your dress based on these guidelines:
GENTLEMEN: Dress Slacks with Shirt and Tie OR Suit or Jacket/Sports Coat with Shirt and Tie (or Turtleneck) OR School Uniform
LADIES: Dress OR Blouse and Skirt OR Blouse and Dress Slacks OR School Uniform
BOTH: No Jeans, Athletic Shoes or Bare Midriiffs are allowed. All attire should be neat.

*NOTE: The Festival realizes that a “Fake Book” is likely to be, in itself, a violation of the copyright laws. However, their common use in jazz performance makes them a viable source for students from which to select scholarship performance music. To that end and citing their strictly educational use in this situation, they will be accepted as appropriate music for this audition and the photocopies supplied by the student for the other judges would fall under our copyright guidelines. **Should this student’s performance be selected for the Scholarship / Performance award and thereby included in the Scholarship Concert at the All State Festival in May, the Festival would require that all performers (student and accompanists) involved in that concert do so from memory and that the “Fake Book” not be used in that concert situation.***

C3: ENTRY REQUIREMENTS - COMPOSITION CATEGORY

The student may compose a piece of with a **maximum performance time of 7 minutes** (based on metronome markings and the recording) in any style of music for any instrumental or vocal solo or group. However, the student may not write an arrangement of an existing piece. If the piece includes an improvisation section, the inclusion of that improvisation on the recording does not negate the maximum time requirement.

To complete their entries for the Composition category of the Festival Scholarship, students must:

- Submit their completed entries, as a PDF attachment to an email from their teacher’s email account, no later than midnight on January 9, 2010, to:

Steffen Parker, Festival Director
sparker@vpaonline.org

Assistance in creating a PDF of the score is available from Anne Hamilton, the Composition Adjudicator Coordinator and Festival Direcotr Steffen Parker

- It is not necessary to submit parts. Illegible scores will not be considered. Each score must include the name of the composer, grade in school, school address and school phone. Composer information may be included in the email that carried the PDF attachment of the score.
- Entries received from email accounts other than the teacher listed as the scholarship teacher for the student’s school will be disqualified.
- Also attach a MP3 recording of their composition. This recording should be of the instrumentation or voice that the composition is written for, not a piano reduction or other arrangement. Live performances are encouraged, but MIDI performances are acceptable. If the piece is written for a large ensemble and one is not available for this performance recording, a smaller ensemble (not all parts being played) may be used to perform the piece for the recording.

- Also attach a PDF of a Statement of Intent outlining the composer's compositional idea, thought process and inspiration for this submission. **FAILURE TO SUPPLY THE STATEMENT OF INTENT WILL DISQUALIFY THE SUBMISSION FROM FURTHER CONSIDERATION.**

D: SCHOLARSHIP AWARDS

Awards will be made based on a compilation of the adjudicators' actual ratings. The individual adjudicator's ratings will be totaled for each student. That total rating, as a percentage of the maximum possible total rating, will be used in considering the awards to be given.

The adjudicators, in conference with the Festival Director, will verify their individual ratings in that calculation and the percentages they generate. Students receiving exactly the same percentage will be considered tied and will receive equal treatment in the award process.

There will be three award levels possible in each category; Scholarship / Performance, Scholarship and Honorable Mention. The Scholarship / Performance award recipient will be asked to perform their audition piece(s) in the Thursday Evening Scholarship Concert at this year's festival. **The Scholarship / Performance award recipient in the Composition category is responsible for providing the ensemble to perform their piece in this concert (with the assistance of the Festival Director and festival hosts).**

The rating percentages determine the student placement for the Scholarship / Performance and Scholarship awards. **A maximum of 3 of these awards will be made in each category.** The adjudicators then determine the Honorable Mention recipients. There is no obligation to award all award levels in each category, however, consideration will be made to try and award at least one honorable mention in each category.

The student receiving the highest percentage above 93% in each performance scholarship category (Brass, Jazz, Percussion, Piano, Woodwind, and Voice) will be the Scholarship / Performance recipient. If two (or more) students are tied at that highest percentage, they will all receive the Scholarship / Performance award. The next rated students (who received a percentage of 93% or above) will be considered for the Scholarship award. **A maximum of 3 of these Scholarship / Performance & Scholarship awards will be made in each category.** The adjudicators will determine the Honorable Mention award recipients (if any) in each scholarship category as they see fit.

Should no student receive a percentage above 93% in a particular category, then only Honorable Mention awards may be given in that category. If only one student receives a percentage above 93% in any category, they will be the Scholarship / Performance recipient and no Scholarship award will be given.

For the Composition category, 85% will be used instead of 93% in the above considerations.

Scholarship Awards will be awarded to the appropriate students regardless of financial circumstances. The amount of money associated with each award will be calculated by the Festival Director based on the funding formula guidelines established by the VMEA / All State membership and all of it will be disbursed to the current year's award recipients in an appropriate manner.

All award recipients except those in the Jazz Category will be given their certificates during the Saturday Concert of the Festival (the evening one if there are two concerts on Saturday). The Jazz Category recipients will receive their certificates during the Friday Evening Concert. All award checks will be sent to the appropriate students via their school music educators within four weeks of the Festival.

Scholarship / Performance award recipients (including in the Composition category) will be invited to perform their audition selection(s) in an evening concert at the Festival. Students who are eligible to perform in more than one category may be asked to select one category from which to perform their audition selection(s).

These performances must be the exact piece(s) that the student performed for their audition, as performed in that audition. A further time limit on some performances may be imposed by the Festival Director.

Should a Scholarship / Performance recipient be unable to perform, the Festival Director may ask the highest rated Scholarship recipient to perform in their place. **However, there is no obligation to do so.**

The performance requirements of the Scholarship / Performance recipient in the Composition category are the responsibility of the recipient. However, assistance in acquiring the necessary equipment and/or personnel to perform the piece can be obtained by contacting the Festival Host / Co-Hosts or the Festival Director. The performance must be of the piece submitted and not a further refinement or arrangement.

D. VERMONT ALL STATE PARADE

The Vermont All State Parade will be held on Wednesday, May 5, 2010 at 6:00 P.M. in Rutland, VT.

The Parade Application Form (SECTION XIII: FESTIVAL FORMS / ALL STATE PARADE APPLICATION, subsection E on page 70) should be included in the forms sent for the MARCH 6, 2010 deadline to the Festival Director or to the Parade Chairperson. Parade applications will be accepted until April 15, 2010, sent to the Festival Director or the Parade Chair.

The application serves as a school's indication of intent to participate. Further information concerning the parade will be sent to applying schools under separate cover after receiving their applications.

Bands that wish to perform a routine (considered a formation that delays the parade and is other than an orderly procession down the street) in front of the reviewing stand will be placed in the last division of the Parade.

Routines must be limited to four minutes total time and may only be performed in front of the reviewing stand.

The arrangement of the Parade line up and route are coordinated by the Parade Chair with the Festival Host / Co-Hosts and the Festival Director.

There is no charge to any school to participate in the All State Parade. Any high school-based musical marching unit may enter, as well as junior high, middle and elementary school groups. We encourage all Vermont music educators to have their groups join in this event; the largest single student event in the state.

Teachers should include biographical information about their group on their Parade Application Form to aid the local committee with their preparations. This information will be used by the Master of Ceremonies at the parade's reviewing stand to entertain and inform the audience there.

B1: WOODWIND, BRASS, AND MELODIC PERCUSSION SCALE REQUIREMENTS

The adjudicators will select the scales to be played with one of them being considered easy and the other being considered difficult.

The chromatic scale will be played from memory, in triplets at a minimum metronome setting of 88, in a continuous slur, as illustrated below:

The adjudicators will not set the tempo for any scale. It is up to the student to perform the scale at the minimum metronome setting of 88.

All scales will be played in full octaves. The chart below indicates the full range for each instrument and the Chromatic Scale range. The range of each diatonic scale is determined by the maximum number of octaves possible within the range of each instrument.

The **minimum** metronome marking for the two scales and arpeggios for String Basses will be Quarter Note – 60.

C. PERCUSSION REQUIREMENTS

SNARE DRUM RUDIMENTS:

The four rudiments that are considered part of the Snare Drum audition are to be performed open to close to open (being played smoothly and continuously from a very slow tempo to a very fast tempo and then back to the original slow tempo). Those rudiments will be chosen by the adjudicators from the following list:

| | | | |
|-------------------|------------------|---------------|------------------------|
| 5 Stroke Roll | 7 Stroke Roll | 9 Stroke Roll | Single Paradiddle |
| Double Paradiddle | Flam Accent | Flamacue | Flam Paradiddle-diddle |
| Single Drag Tap | Triple Ratamacue | | |

The established patterns for these rudiments are available online at the Percussive Arts Society's rudiment page located at: www.pas.org/Publications/rudiments.cfm Click on View the Rudiments Online. A downloadable copy of that page is included on the All State website (www.vmea.org).

TIMPANI TECHNIQUE:

The Tuning Studies that are considered part of the Timpani audition are for two drums and consist of the student finding the correct pitch on the second drum when given a pitch on the first drum by the adjudicator. The adjudicator will ask the student to perform three of these.

The Sticking Studies that are considered part of the Timpani audition are for two drums as notated. Each study is to be repeated multiple times. The adjudicator will ask the student to perform three of these. The Tuning Studies and the Sticking Studies are illustrated on the Timpani Technique page on the All State website (www.vmea.org) and can be downloaded for student or teacher use.

ACCESSORY EXCERPTS:

All students auditioning on any primary percussion instrument must also perform an excerpt on three of the following five accessory instruments: Bass Drum, Crash Cymbals, Suspended Cymbals, Tambourine, and Triangle. The Secondary Percussion Excerpts that the students are to perform on each of these instruments are available on the All State website (www.vmea.org) and can be downloaded for student or teacher use. Before performing each excerpt, the adjudicator will give the student the proper tempo.

MULTIPLE PERCUSSION AUDITIONS:

Students may audition on more than one primary percussion instrument if they so desire and as long as they have been listed as such on their school's Audition Application. They, however, will audition on the three accessory instruments ONLY during their first audition. The rating achieved during the first performance on the Accessory Instrument aspect of the audition will be considered part of their second (and third) primary percussion instrument audition. The adjudicators will transfer that rating to the appropriate adjudication sheets used for the second (and third) audition.

STUDENT PREFERENCES - PERCUSSION:

Percussionists should be aware that due to limited applicant numbers, specific percussion needs in the All State Band, Orchestra and Jazz Ensemble, and the large number of multiple auditions, accepted students may be placed in an All State ensemble that was not their preference on a part that was not their highest audition rating. This is done (as with all All State decisions) to insure the best possible musical experience for all of the students involved in the festival, both present and future. It is an honor to be accepted into an All State ensemble, even if it was not your preference for group or part.

D. VOCAL AUDITION PROCEDURE

Each adjudicator quartet will practice adjudicating two (or more) actual quartets at the beginning of the first audition day to help align their evaluations and the use of the vocal adjudication rubric.

PRE-AUDITION:

Vocalists should warm up in the appropriate room at the audition site. Warmups or last minute rehearsing will not be permitted in any other location, including the host school's stairwells and bathrooms.

All of a school's auditioning vocalists should report to their audition room 10 minutes prior to their audition time slot. The adjudicators and/or room proctors will call for them when the adjudicators are ready. Schools with incomplete quartets are encouraged to contact other schools to find a student to complete their quartets. Schools that require an adjudicator to sing one of the parts will perform a large (entire school) run through of the piece with that adjudicator prior to sending their first quartet into the Audition Room.

QUARTET ROOM PROCEDURE:

Once in the room and introduced to the adjudicators, the starting pitch may be given by anyone using any sound producing device or by simply singing a pitch. Students may then sing or hum their first pitch. An adjudicator may, if asked, sing the starting pitch for a student in the student's octave without a deduction.

The students then sing the quartet piece together. If a student or an adjudicator feels the need for a restart because of incorrect pitch or inaccurate count-off, a small deduction will be made.

Each student will then sing the appropriate solo excerpt of the quartet piece by themselves after receiving a starting pitch (following the same guidelines as the quartet starting pitch). All members of the quartet will remain in the room during this part of the audition.

SIGHT-SINGING ROOM PROCEDURE:

Once in the room and the student has given their name to make sure the correct adjudication form is being used, the adjudicator will give a starting pitch. The student will sing, in solfege, the appropriate full eight note major scale, ascending and descending, and then sing, in solfege, the appropriate arpeggio. The arpeggio will be Do - Mi - Sol - Do (high) - Sol - Mi - Do - Sol (below tonic) - Do.

The student will be asked to sight-sing one 4 measure melodic phrase using solfege or a neutral syllable such as "la, la" or "doo, doo" and one 4 measure rhythmic exercise using a neutral syllable. Counting with numbers will not be accepted due to the fact that students are taught to count in a variety of ways.

The student will then be given the sight-singing and will have 30 seconds to review it. . **Students may NOT make any sounds while preparing to perform their sight-singing example.** When that time is up, the adjudicator will give the starting pitch (it will be the same starting pitch as the scale). The student may sing the sight-singing in either solfege or a neutral syllable. If the student starts out in solfege and then switches to a neutral syllable, no deduction will be made. The sight-singing used will begin and end on Do and will establish its tonality in the first measure.

NOTES FOR MUSIC EDUCATORS:

For the Quartet and Solo portions of the auditions, the student must follow the written score of the proper edition as listed for the current year. Specifics on this audition are included in this handbook on page 57.

Each sight-singing room will listen to any of the four voice parts. When they are ready, students should go to the next available sight-singing room. Students from one school are not required to all go to the same sight-singing room.

Each portion of the audition (solo, sightreading, scales, improvisation, etc.) each have a set of categories and corresponding scales. Please refer to the appropriate rubric (available as PDFs on the All State website) for more detail.

**NOTE: Jazz Scholarship performances on piano will not be rated on Tone and Intonation.
Jazz Scholarship performances on drum set will not be rated on Pitch Accuracy & Choices**

**TEACHERS SHOULD CAREFULLY REVIEW THE HANDBOOK REQUIREMENTS AND
SHARE THEM WITH THEIR STUDENTS.**

XII: AUDITION APPLICATION PROCESS & STUDENT ACCEPTANCE

A: ACCESSING THE ONLINE APPLICATION

The All State Audition Applications will only be accepted through the online application process available on the All State pages at www.vmea.org. Support for teachers is available online and by emailing the Festival Director at sparker@vpaonline.org.

B: COMPLETING THE ONLINE APPLICATION PROCESS

Teachers will use their MENC / VMEA Membership Number to access the online application process. SHARING THIS NUMBER WITH STUDENTS, PRIVATE TEACHERS OR PARENTS WILL RESULT IN THE DISQUALIFICATION OF ALL OF THAT SCHOOL'S APPLICANTS / PARTICIPANTS.

If your number does not work with the online system, then your school has not paid its annual VMEA All State Participation Fee. Please contact VMEA Past President Gary Moreau with further questions (alwaysinging@comcast.net). Failure to pay this fee in a timely manner will not be an acceptable excuse for missing any application deadlines.

The online application pages has been designed to closely match the forms previously used for the Vermont All State Music Festival (and available in this handbook for information collection purposes only).

A complete set of instructions are available online throughout the application process at the All State website. Please read all instructions carefully and completely. Once online, the first step is to update your school information. Once you have updated your school information, you will be able to register your students for their auditions.

C: AUDITION CODES

Please remember to use the CODES section of each application form to indicate a student that is auditioning in more than one way to help our Audition Chair with the scheduling work.

USE:

- V** On all other audition applications for students who are auditioning in a vocal quartet.
- J** On all other audition applications for students who are auditioning for jazz ensemble.
- I** On all other audition applications for students who are auditioning on an instrument.
- S** On all other audition applications for students who are performing a scholarship audition.
- X** On all other audition applications for a student who is performing two auditions in the same category (such as a student doing both a piccolo and a flute auditions).

D: FINISHING THE APPLICATION

A school's application information can be edited at any point up until the deadline. Each edit and entry becomes part of the school's application when the webpage is completed and no further effort is necessary.

Special Scheduling Requests: Teachers should send special scheduling requests via email to the Festival Director prior to the application deadline. Be specific in your requests so that the Audition Chair and the Festival Director can fill those requests easily and without error.

The website allows the teacher to printout a list of their application information as well as a School Invoice. No other confirmation of receipt of the application information will be sent. If you see it on the printout, then it is in your application.

IT IS THE MUSIC EDUCATOR'S RESPONSIBILITY TO MAKE SURE THAT THEIR APPLICATION IS CORRECT AND COMPLETE.

The online application allows you to edit, correct, add or delete, applications and generally double-check your work at any point in the application process. Check your work as you go. **Do not wait until it is too late to correct an error.**

E: SENDING FEE PAYMENT AND SCHOOL INVOICE BY MAIL:

The Fee payment and School Invoice (generated by the teacher using the online application) must be Federally Postmarked by NOVEMBER 21, 2009 TO:

**Steffen Parker, Festival Director
141 Butternut Road
Williston, VT 05495**

Only school checks, teacher checks or cash will be accepted as payment. Student and parent checks will not be accepted and may delay your application from being processed.

Make checks payable to: **VERMONT ALL STATE MUSIC FESTIVAL**

Do not send paper audition forms. Your application data must come in through the online application.

F: SCHEDULING

Once all of the applications are submitted, the Audition Chair will work with the Festival Director and schedule the auditions based on the information given. Those schedules will be posted on the website, available to teachers using their All State ID. Printouts of the schedule are available online. **PRINT OUT YOUR SCHOOL SCHEDULE AND POST IT FOR YOUR STUDENTS TO HELP YOU DETERMINE IF THERE ARE ANY ERRORS.**

G: CORRECTIONS & ADDITIONS

Corrections and additions can be made to a previously received application without penalty through December 3rd. The proper fees associated with those changes or additions (if any) **must be paid within a week of the addition or correction notification.** Without proper payment, the Festival Director has the right to return the school application to its original condition, removing any additions or changes made.

To make such corrections or additions, the music educator should email the changes in detail to the Festival Director in the text of a message. He / she will make those changes in the master database and will return a new confirmation via email.

After December 2nd, corrections and/or additions to existing applications will carry a \$25 fee (in addition to any regular audition fee) using the same notification systems as described above. After January 6, 2010, they will carry a \$100 fee (in addition to any regular audition fee).

H: SCHEDULE CHANGES & MISSED AUDITION TIMES

Requests for specific audition times MUST accompany your initial application. Such requests should be included in an email message sent prior to the deadline.

Requests for changes in student audition schedules will be considered through January 6th for the Southern Auditions and January 13th for the Northern Auditions. Such requests should be made using the same notification as Corrections & Additions (described above). **HOWEVER**, the Festival Director is under no obligation to make those changes, but will do what is responsible and prudent without putting another student's efforts at a disadvantage.

After each site's respective date, no schedule changes will be made. Should a student then miss their audition time on their school's designated Saturday, they may still audition on that same day **IF** the adjudicator's schedule allows it without putting another student's efforts at a disadvantage or without moving a properly scheduled student from their designated audition time or order of auditions, should the room be running late. **Students who miss their audition time may only take the audition time of a cancellation if the cancellation is not needed to help the adjudicator remain on schedule.**

Adjudicators will remain for 30 minutes after their last regularly scheduled audition to allow students who missed their audition time during the day to audition (should there be any).

I: COMPLETING THE HOUSING & ACCEPTANCE PROCESS

Once the auditions have been completed, each school's results, ensemble placement, and scholarship awards will be available online again using the teacher's MENC/VMEA ID number. Printouts are available for most of this documentation. The actual adjudication forms will be sent to the school via postal mail.

The teacher must complete their school's Festival Acceptance & Housing online prior to the March 6th deadline. Indication of a student's acceptance, their housing needs and potential housing allergies are all part of the online form. Once completed, the school's Festival Fee Invoice can be printed and used to process the payment (the same as the Audition Fee payment above). Payment and a Student Acceptance & Medical Form from each student is required to complete the acceptance process.

Again, as with the online Audition Application, the Acceptance process can be edited and completed in stages prior to the deadline. After the deadline, the fee will be increased by \$100 and **after the Late Date, the accepted students from schools who have not completed this process will be replaced with alternates.**

J: PAPER FORMS

The following paper forms have been included in the handbook so that you can completely gather the proper information before you sit down to fill out the online application. **These forms will NOT be accepted as applications for this year's auditions nor acceptance. Paper forms sent without this approval will be returned and your students will not be included in the audition process.**

XIII: HOUSING / FORMS / SENIOR SCHOLARSHIP FORMS

A: FESTIVAL ACCEPTANCE AND HOUSING FORM

Using the online Acceptance & Housing Process, each student's Festival Housing requirements are entered. Additional housing is available for Wednesday evening for All State Band, Orchestra and Chorus members who are participating with their school band in the parade and are more than 90 minutes from home. Marching All State participants from schools closer than 90 minutes WILL NOT be assigned Wednesday night housing. Additional housing is also available for Friday night for Jazz Ensemble members who cannot travel home after their concert for distance reasons. Please check with your participating students and indicate those requests properly on the form.

Also indicate any allergies that would relate to housing and each student's gender online. Accepted chorus students will need to indicate their height while wearing their concert dress footwear.

B: HOUSING ARRANGEMENTS

ALL FESTIVAL PARTICIPANTS, regardless of their housing situation, are required to follow all festival policies and procedures, including the student driving policy and the mandatory attendance at all festival activities. Those that do not will be dismissed from the festival and will no longer be allowed to participate in any aspect of the festival including the performances.

The housing chair and their committee from the host school will make housing arrangements for all festival participants that require it. Generally schools within 30 minutes of the host school will not have their students housed locally. However, even those staying at home are required to follow all festival policies and procedures. Such schools will be notified by the host housing committee in early March.

Schools may house their own students in a local motel (at the school's expense). However these students must also follow all festival policies and procedures. Tardiness to a festival activity will likely result in the student being dismissed and not being allowed to continue to participate in the festival nor in the subsequent year's All State events.

C: HOUSING REQUESTS

STUDENTS MAY NOT MAKE THEIR OWN HOUSING ARRANGEMENTS.

If a student wishes to be housed with a relative / family friend in the host community:

- the host community member (relative / friend) **MUST** contact the host's Housing Chairperson and make the request for the student by mid-April
- The Housing Chair will then make every effort to met that request
- **Such arrangements made without the Housing Chairperson's knowledge and approval will not be honored.**
- Students housed with relatives or family friends are under the same rules as any other student participating in the Festival.

Arrangements made without the knowledge and consent of the housing chairperson will not be honored. Students who ignore this requirement will be dismissed from the festival.

D: MEDICAL & PARTICIPANT ACCEPTANCE FORM

To participate in the Vermont All State Music Festival, **EVERY STUDENT** must have a completed **Medical & Participant Acceptance Form** on file including all signatures. This form also includes health insurance information as all students should have this coverage. This form is due at the March deadline with the other Festival forms.

Schools with missing or incomplete **Medical & Participant Acceptance Forms by the March Late Date** **MAY HAVE ALL** of their students disqualified from participating in the Festival. **STUDENTS SHOULD BE COVERED WITH HEALTH INSURANCE BY THEIR FAMILIES, THEIR SCHOOL OR THE STATE OF VERMONT TO PARTICIPATE IN THE VERMONT ALL STATE MUSIC FESTIVAL** but insurance coverage is no longer required. Religious affiliation or parental choice may be cited as a reason for not having this insurance.

Teachers are asked to either give each student a **Medical & Participant Acceptance Form** for their completion or have them complete the online form, print and return it. You can duplicate the form included in the handbook as necessary or download it from the website (go to the All State pages at www.vmea.org - Click on the Handbook & Forms button at the bottom of the screen). Please type or print all entries on the form except signatures.

A WORD ABOUT THE REQUIRED SIGNATURES:

The Vermont All State Music Festival requires two signatures on the Medical & Participant Acceptance Form, both to indicate not only that the information supplied is accurate, but also to indicate that the policies included on the form have been read and understood, and to allow the Vermont All State Music Festival to authorize medical treatment for the participant should it become necessary.

For participants under the age of 18, those two signatures are their own and their parent or guardian.

For participants 18 or older, those two signatures are their own and the policy holder for their medical insurance listed as listed on the Medical & Participant Acceptance Form. In most cases, the policy holders for their medical insurance are their parents and/or guardians. In some cases, it may be their school district, in which case the parent's signature would again be used. Only in the case where the individual student holds their own medical insurance policy may the student sign this portion of the form.

ALL ACCEPTANCE FORMS AND FEES SHOULD BE SENT BY CERTIFIED MAIL AND MUST BE
FEDERALLY POSTMARKED BY MARCH 7, 2009 TO:

**Steffen Parker, Festival Director
141 Butternut Road
Williston, VT 05495**

The forms and fees due on March 6, 2010 are:

PARTICIPANT ACCEPTANCE

The Vermont All State Music Festival gives participants an intensive experience in a performance ensemble. A participant must attend all rehearsals, concerts and all other scheduled festival activities. The ensemble's preparation and performance would be severely harmed without this policy. The festival's educational objective requires that a participant experience ALL rehearsals and other activities, follow curfews and other policies, and be fully prepared to contribute to the final performances. Failure to attend all of the festival's rehearsals, concerts and other activities will result in disqualification from further participation in this year's festival, and may result in disqualification from future festivals. In the event of an illness or family emergency that requires the student to be excused from a festival event, the participant will not be penalized from participation in future festivals. Because it is essential for all performers to participate in all aspects of the preparation, there are no exceptions to the requirement that a participant attend all rehearsals and other required activities in order to perform in the festival.

In signing this and accepting my assigned position in the Vermont All State Music Festival, I understand my obligation to the Festival as outlined above. I also understand that it is my responsibility to stay in good standing at my school and be actively enrolled in my school's appropriate music performance group at this time in order that I be allowed to participate.
